Nursery Applications

We are offering children the chance to join our Nursery in September 2026. If you have a friend or family member that has a child who will be 3 years old by the end of August, please see further information on our website. <https://www.sandalprimaryschool.co.uk/nursery-admissions>

Parking

We are very fortunate that Sandal is in a quiet, residential area, with parents not having the worry of getting children across busy main roads when they are taken and collected by car. The downside of this is that parking can be an issue on some of the residential streets around our school. We have always worked hard to maintain good relations with our neighbors and to this end we would like to remind all parents/carers to be extremely careful and considerate when parking cars at both ends of the school day. Please DO NOT park cars across any driveways, thus preventing any households from going about their business. **Parking is also obviously not permitted on any zig zags, double yellow lines or yellow hatchings, as it is vital that emergency vehicles can access the school at any time of the day.**

If you live within walking distance of the school, please also think about leaving the car at home and walking. We understand, obviously, that this is not always possible. Thank you in advance for your cooperation if you are a parent new to Sandal and thank you for your continued cooperation if you are an existing parent or carer.

Dogs on school grounds

Just a reminder that dogs are not permitted on school grounds, we completely understand that you may wish to walk your dog to school however please refrain from entering school grounds with the dog. Ensure it's on a lead and not blocking the middle of the path as children pass by.

Reception Milk

The term after your child turns 5 years old means milk then becomes chargeable and you will need to register. Parents/carers who are in receipt of benefits should check if they are eligible for free school milk. There is more information
